Fire Department Made Run Past
Jail And Took The
Crowd Along.

AUTHORITIES REMOVE NEGRO

Had Killed Detective And Mob
of One Thousand Enraged
Citizens Collected To
Lynch Him.

Peoria, June 23.—Detective William Murphy was killed by Billy McRay, a negro desperado whom the officer was attempting to arrest tonight. McRay attempted to escape but was caught and hurried to the city jail and in less than an hour a mob numbering at least 1000 assembled.

In the hope of attracting the attention of the mob, the fire department made a run past the jail. The ruse partially succeeded, a large number of the crowd following the fire department. In the meantime McRay was hurriedly taken to the county jail. The authorities are confident of their ability to prevent a lynching.

GOVERNOR WILL TAKEN ACTION

Dover, Del., June 23.—Governor Hahn appeared greatly distressed today over the lynching of the negro White. He said:

"There is nothing to say now. Let the people become calm and reflect upon what has been done. I shall confer with the attorney general to see what course we can take."

ARE AFTER WHITE'S LYNCHERS

Case Was Postponed Owing to Prejudice Against Prisoner.

Wilmington, June 23.—Excitement attending last night's tragedy, when White, the negro, was burned at the stake, has subsided. The consensus of opinion is that summary vengeance alone could atone for the outrage made upon the life and honor of the young girl. The judge who postponed action upon the case of the confessed assassin explained that popular prejudice would have precluded the possibility of a fair trial.

One arrest was made tonight. The prisoner's name was not divulged by the police, but it is said that he comes from Baltimore. Attorney General War said tonight there were 12 leaders and they would be arrested as soon as the police could locate them.

TWO WOMEN ASSAULTED.

St. Louis, June 23.—Two women, one white and the other colored were assaulted and left for dead a few miles east of East St. Louis this afternoon, and the posse is out looking for a negro described by one of the victims. If he should be captured, it is believed there will be lynching.

EUROPEAN SQUADRON

Arrives At Kiel And Is Met There
By Fleet Under Prince
Henry.

GERMANS PLAYED AMERICA

Americans Greeted With Salutes
And Cheers. Calls Made By
Visitors And They Are
Promptly Returned.

Kiel, June 23.—The United States European Squadron, Rear-Admiral Cotton in command, reached its anchorage opposite the yacht clubhouse at noon today. The fleet commanded by Admiral Prince Henry of Prussia, composed of eight battleships and six cruisers, saluted the American vessels and the band of the German flagship played "America." Some hundreds of townspeople gathered on the piers and slopes of the narrow bay and gave detached, irregular cheers as the squadron arrived.

Prince Henry sent his navigating officers and the captain of the port down the bay early in the morning to meet the Americans. They met the latter at Oranien as the squadron was firing its first salute off the fort of Friederichsort. The flagship Kearsarge swung into her mooring next to the Hohenzollern, followed by the San Francisco, Chicago and Machias, the German ships being dressed in the visitors' honor and flying the Stars and Stripes.

The commanders of the American ships then called on Prince Henry, who immediately returned their calls. The Stars and Stripes were also raised over the yacht club and on the hotels in the vicinity.

Rear-Admiral Cotton and Captain Joseph N. Hemphill, commander of the Kearsarge, and all the other American commanders called on the eight German admirals and vice-admirals stationed on this, the greatest stronghold of German sea power, and afterwards received their return calls. Most of the afternoon was spent in calling and receiving calls.

TREATIES ARE DELAYED.

Cuba Not Taking as Quick Action as Hoped For.

Havana, June 23.—News received here of renewed opposition of the protectionists in the United States to the confirmation of the Cuban reciprocity treaty is particularly unwelcome in Cuba at this juncture, as it had been hoped that the Cuban senate before the adjournment of the present session would ratify all the treaties pending with the United States. Although Cuba is bound under the Platt amendment to carry out the other pending treaties, it is feared that some senators may make the additional difficulties that the reciprocity treaty is encountering at Washington an excuse for letting the ratification of other treaties go over until the winter session of the Cuban congress.

The treaty covering the leases of naval and coaling stations to the United States, the signing of which is expected to take place today, provides that the United States shall advance any moneys necessary for the acquisition by Cuba of such private lands as are necessary for the purposes of the stations, the same to be deducted from the thousand dollars annual rental due to Cuba.

AFTER SEVEN CENTURIES

Papal Bull Announced as Not Genuine After Long Controversy.

Chicago, June 23.—The papal bull known as "Laudibater," over which controversies between historians have been waged for some seven centuries, is not genuine according to the announcement of Prof. Oliver Joseph Thatcher of the University of Chicago, in a paper entitled "Studies Concerning Adrian IV." Just issued from the university press. This conclusion is the result of a trip to Europe, a year's study in the Vatican library and the reading of the innumerable Latin documents.

The Laudibater, so-called from the occurrence of Latin words in the salutation, has long been supposed to be a grant made by Pope Adrian IV, conferring on Henry II. of England, the Island of Ireland to hold in fief. Concerning its genuineness or falsity historians have long been in dispute. Prof. Thatcher shows that the question of offering Ireland to Henry as a fief, and the question of the genuineness of the bull, are not the same.

"Laudibater cannot have been written," says Prof. Thatcher, "by one who knew what was essential to such a document. It is merely a Latin exercise of some Twelfth century student, who was practicing in the art of composition, and for this purpose chose to impersonate Adrian IV. It must be rejected as entirely worthless."
